

# A nation of plastic

Singapore's plastic consumption

## POLYETHYLENE TEREPHTHALATE (PET)

**1 to 3**

PET bottles used  
per person/week

**467m**

PET bottles used  
in Singapore  
each year

 = 10m PET  
bottles

This translates to  
the volume of:

**94**

Olympic-sized  
swimming pools

Lined end-to-end, PET bottles collected in a day would stretch for 300km or **six times the length of Singapore.**

## PLASTIC BAGS

**2 to 4**

Plastic bags  
taken from  
supermarkets  
per person/trip

**820m**

Supermarket  
plastic bags used  
in Singapore each  
year

This makes up  
the land area of

**126**

**Gardens by the Bay**

## POLYPROPYLENE PLASTICS (PP)

**1 to 3**

PP plastic  
disposables used  
per person/week

10m pp plastic disposables

**473m**

PP plastics used  
in Singapore  
each year

Equivalent to the land mass of

**3 Sentosa islands**
